culation 15,000. Every number contains

THE CLIMAX.

WEDNESDAY, - - MARCH 6, 1885.

A. Feld is one of the enterprising merchants of this place. See how he uses printer's ink. He has goods to sell at the right prices. Go and see him.

The Messrs. Hays, of Winchester, will open a dry goods store in the Arnold building. They are splendid business men, and will do everything "according to the queen's taste."

M. N. Driggers has opened a neat, new grocery on Irvine street, between Second and Third. It will be worth your while to drop in and see how nice everything is and how cheap.

Dudley Sams has sold his farm on the Union City Road and will dispose of his household and kitchen furniture on the 7th of March. We learn that he will soon move to Scott county, Ky.

Gov. James B. McCreary has succeeded in securing the additional \$25,000 appropriation for the completion of the custom house in this city. Work will be resumed as soon as the weather permits.

Mrs. John James, who has been engaged in the confectionery and grocery business here for the past year, assigned for the benefit of her creditors last Friday. The assets are said to be greater than the liabilities.

N. B. Deatherage & Co., successors to Higging & Deatherage are in the field for a share in your business. They give three cogent reasons why you should trade with them. Go and see what they are, and be convinced.

E. V. Elder has just returned from a trip to New York and his shelves are filled with new goods. He is a stirring merchant and spurs no pains to lay in a good stock of everything you need, in the line of goods handled by him.

Hon. John D. Harris seems likely to have his son-in-law at the next election. One son-in-law, Hon. C. M. Clay, will probably head the Democratic ticket while another, Capt. Sam Stone, seems to be in the lead for the Republican nomination as State Auditor.—Ex.

S. L. Midkiff, one of the stirring men of the times, and the embodiment of cleverness, has a number of notices on this page, to which we desire to direct the attention of our readers. He is prepared to meet the wants of the public in grand style. Give him a call.

Mrs. Theodore Hacker has in her possession one of the old fashioned Shaker bonnets that were worn many years ago. The bonnet in question is of leghorn and has been in possession of her immediate family for over 100 years. It is unique, and should be preserved with care.

Dr. A. Reid, preached to a fairly-sized audience at the M. E. church Sunday night. He will preach next Sunday at Home Mission, and in the evening the children of the church will hold an open session of their Home Mission and Parsonage Society. All are most cordially invited to attend.

Nothing makes a person in want of goods feel better than to hear that an old reliable house has special bargains to offer. They feel assured that they will be more than repaid, in dealings, with such a house. H. J. Streng is the reliable dealer in this case and you will get bargains over his counters.

Frank Carr says passenger and freight traffic is looking up. The business done by his road for this city and immediate vicinity last month will exceed that of last year during the same period by at least 20 per cent., which is gratifying when considered as evidence of a general revival of business. After all the silver lining may be "just over the hill."

The low temperature of the past winter "played smash" with many of the water service pipes here, being a daily occurrence to hear of a break at some point in town. There are places where the frost penetrated about two feet into the solid earth and thus caught some of the pipes that would otherwise have escaped. These extreme depths of frost were in the streets where the snow was kept worn down.

W. P. Prewitt, auctioneer of Kirksville, reports the sale of J. P. Long, administrator of Mrs. Minerva West, deceased, on Feb. 23, 1885. Farming implements sold well; household and kitchen furniture brought good prices; corn, \$1.00 per barrel; one cow \$11.00, one horse \$22.00, one pig \$1.00, one yearling mare \$40.00, brood mares, \$20 to \$30; one sow and nine pigs, \$24; meat hogs, round, \$20. Big crowd and old time sale. Bidding lively.

Mrs. Ellen Preston, a widow with seven small children, has been found in an old cabin near Popps Mill on Silver Creek. The mother sick, and the family without food or fuel and almost without clothing. The oldest boy a child of fourteen was on one of the streets Friday soliciting aid. Such cases seem to be worthy of the assistance of the charitable of our city, and an immediate effort should be made to place the family out of distressed circumstances.

Harry S. Wood, a traveling salesman, had a drawing for a fine black horse at the Glyndon Hotel Saturday morning. The horse was drawn by N. C. Ridgeway, a tobacco merchant of Falmouth, Ky., saying 25 cents for his chance. A singular coincidence connected with the drawing is, Mr. Ridgeway was the second man to take a chance; drawing came off on the second day and his number, which was the lucky one, was the second one that came out of the box.

The dogs made a raid on the "Sheepfold of Judge Goodloe at Whites Station, killing and mauling wounding fifty out of a flock of one hundred and fifty. Those killed were principally ewes, either heavy with or nursing lambs, so that at least 40 lambs were killed in addition. On Sunday morning three dogs were still in the field at the bloody work. Judge pursued them with his shot gun, killing one and following the others to their homes where they were promptly dispatched.

Johnson Bros. Hardware Co., of Cincinnati, for whom our townsman, P. M. Pope, is a traveling salesman, offered cash premiums last year of \$300, \$200 and \$150, to the three salesmen who made the largest amount of sales. Our friend, P. M. Pope, carried off the second prize, and was only beaten by \$22.50 on sales amounting to near \$30,000. This certainly speaks well for the enterprise and push of neighbor Pope, and we hope that he will continue winning prizes in the discharge of duty. The gentlemen were carried off last year in this kind of contest was Mr. Bates, a member of the firm, and who has or should have more experience in this line of business.

PERSONAL.

E. Conroy, of Irvine, was in town Monday.

Mr. Todd Scott was a court-day visitor in Richmond.

John D. Winn, of Wisemantown, was down Monday.

Brutus Duncan is seriously ill at his home on Irvine street.

Rev. Lapsley McKee has returned from his visits to points in Ohio.

George Harris, of Lancaster, came over Saturday to see his girl.

Dr. J. C. Miller, of Jessamine county, was a caller at the CLIMAX office Monday.

Mrs. James B. McCreary returned from Washington Saturday and is a guest at the Hotel Glyndon.

Thos. Williams, Jr., J. B. Ashcraft and V. P. Smith, of Irvine, were callers on the CLIMAX editor Monday.

Mrs. John Conners, wife of the operator at the K. C. depot, arrived in the city last week.

Miss Marielville Smith entertained last Saturday in honor of Miss Elizabeth Bennett.

Miss Mannie Pates, of Midway, visited her brother, Capt. John R., and family here this week.

Miss Cora Hinds, of Weatherford, Texas, left yesterday for Irvine, Ky., where she will arrive Thursday.

J. Harry Hendren, teacher at Valley View, was in the city over Sunday. Harry comes over occasionally to see his best girl.

Miss Kathleen Poyntz, one of Richmond's most lovely young ladies, is on a visit to relatives and friends in Mt. Sterling.

Mr. James Prather Sharp, of East Hickman, Fayette county, was the guest of his niece, Mrs. T. M. Morrow, Sunday and Monday.

Dr. A. H. Stewart received a telegram from Morehead stating that his uncle, Judge James Stewart, was seriously ill. He left at once to attend him.

The Sigma Nu gave a dinner last Tuesday night at their very little house on Oak street, in honor of Dr. and Mrs. W. S. Montgomery, of Monon, Ind.

Judge Robert Riddell was in the city yesterday while enroute to Winchester. He paid the CLIMAX a call. We are always glad to see our friends from the "Free State."

Ex-County Judge A. J. Tharp, of Winston, Estill county, was in town Tuesday on business connected with the Green Mountain Post Office, of which he is Post Commander this year.

Mrs. Col. Moberly entertained the members of the Christian Endeavor Society at her pleasant home on Friday night. Many were present and enjoyed the unbounded hospitality of the fair hostess.

Mr. Walter C. Samuels left for Nashville, Tenn., last Monday to attend a commercial school. Walter is one of our best young men and will not fail in thoroughly qualifying himself for his chosen profession.

Wm. F. Scholer having severed his connection with the CLIMAX office, with his wife, removed to Mt. Sterling, Kentucky, where in the future his handiwork may be seen on the pages of some of the papers of the "Gate City."

Chief Numan, of Ford, was taken to the Asylum this week by Marshal Andy Vice. He was a deacon of the Christian church at Ford and his insanity was caused by excessive Bible study. His wife and two children have returned to her father's home in Estill county.—Winchester Democrat.

Miss Florence Barlow, with her two little nieces, Anastasia Miller and Mary Kinkaid, Venables are the guests of Professor Newman's family. They leave Saturday to make their home in Louisville. Miss Barlow has taken charge of these little girls since the death of their mother, Mrs. Robert Venable, a few weeks since, in Charleston, W. Va.—Press Transcript.

Among the guests registered at the Willis House Monday, we glean the following: J. B. Stewart, Irvine; E. C. Hawkins, Blue Lick Springs; F. E. Morgan, C. C. and J. G. Norris, of Clark county. At the Hotel Glyndon: Col. O. H. Chennault, Lexington; D. L. Walker, Manchester; H. C. Ship, Paris; Joe Turner, Mt. Sterling; W. M. Gay, Winchester; R. D. Spears and Sam Rark, Nicholasville.

We recently endeavored to make mention of the fact that George D. Dunbar, who moved from this county to Bolivar, Mo., had changed his place of residence to Mt. Sterling, Ill., but through some inadvertence on our part stated that he moved from Mt. Sterling to Bolivar. We desire that his friends shall know that he is located at Mt. Sterling, Ill., hence the correction. George reads the CLIMAX.

Prof. Wm. F. Kearny, of Carlisle, Prof. D. F. Clark, of Richmond, and Prof. A. C. Flesman, of Winchester, were guests Saturday of Prof. E. W. Weaver, of the Paris High School. These gentlemen have been in conference in regard to adopting a uniform for the High Schools of Central Kentucky, and are taking steps to secure recognition for High School diplomas for the Sophomore classes at American Colleges which teach the advanced branches.—Bourbon News.

In a charming boarding house in New York is a group of Kentuckians in whom their State, especially the Blue Grass and "Tennessee" sections, feel a keen interest. They are making a name in literature and weaving into their fame, much that goes to make life pleasant in a great city. James Lane Allen is engaged upon a new story, but nothing better, purer or sweeter will ever fit from his mind than a "Kentucky Cardinal."

John Fox, Jr., is writing short stories, bold, tender and as full of local color as was his "Mountain Europa." His writing is so distinctly good that he is spoken of in New York as the coming author.—Press Transcript.

Two women were given nominations on the Prohibition State ticket at Louisville last week. Mrs. Frances E. Beauchamp, of Lexington, for Secretary of State, and Mrs. Josephine K. Henry, of Versailles, for Superintendent of Public Instruction. The Press-Transcript in commenting on their nominations says: "Mrs. Beauchamp for a long time has been prominently identified as one of the most earnest workers in the ranks of the W. C. T. U., and her nomination on the State ticket is considered a just recognition of her great services to the cause of temperance. Mrs. Henry also justly deserves the splendid recognition which she has received."

One of our homes, noted for its pleasant social events, was thrown open last Tuesday afternoon when Mrs. A. W. Smith was at home, to her numerous friends and near relatives. Miss Anne Harrison, of Richmond, Virginia, the house is one of the prettiest and best adapted for entertaining in the city. The

parlor, dining-room, library and hall were thrown together making a beautiful picture, greatly enhanced by the array of beauty gathered there. The guests passed into the parlor, where they were received by the handsome hostess, assisted by Misses Harrison and Russell Letcher and Mrs. Mary Neal Thompson; Mrs. Smith was black velvet. Miss Russell Letcher, a red semi-evening costume, Miss Harrison and Mrs. Thompson, beautiful full evening gowns. After passing through the parlor the guests were conducted to the dining-room where delightful refreshments were served. The coffee and salad were served by Misses Elizabeth Barrett and Marie Wille Smith, Miss Ruth Crow served chocolate and bon-bons. Among those present were Mrs. W. Montgomery of Monon, Ind., Mrs. McGowan, of Middleborough, and Miss Justice, of Winchester.

DIED.

M. P. Lancaster, a merchant of Lexington, dropped dead at his home last Friday. He was the oldest and most wealthy merchant in Lexington.

C. R. Stouffer died with pleurisy at his home in Louisville on Thursday last. He was in the seventy-fifth year of his age and has been in active business until recently. He moved to Louisville in 1840. He leaves his wife and several children to mourn his departure, among whom are J. B. Stouffer, one of our leading merchants, Mrs. J. J. Carson, Mrs. W. R. Cornelison, one daughter and two sons, unmarried.

CORRESPONDENCE.

VALLEY VIEW.

Rev. Baird preached at Sylvan church Sunday.

The mills of the Southern Lumber Co. resumed sawing on the 26th ult.

Dr. L. H. Blanton will preach at Valley View next Sunday morning and evening.

J. S. Leiford, of McKee, Jackson county, will move his family to Valley View soon.

Rev. Williams, from the Bible College at Lexington, preached at Valley View Sunday.

M. F. Wharton will build a cottage to be occupied by A. J. Crutchfield, saw filer for the S. Lumber Co.

C. T. Hurst & Co., from Campton, White county, were at Valley View on business last week.

Mrs. G. A. Boy, of Valley View, accompanied her sister Mrs. Charley Gilbert, of Ford, to Cincinnati last Friday to consult an oculist with reference to Mrs. Gilbert's eyes.

Mr. John O. Jackson, of Hockessin, Del., principal stockholder in the Atlantean Oil Co., now operating here, arrived on Thursday's passenger. Mr. Jackson is a relative of the President and of Gen. Stonewall Jackson. In his younger days he was a professor of mathematics in a college in his State. Later, he became an engineer and built the Wilmington and Western railroad. He has served his State several years in both branches of the General Assembly. He is a lover of astronomy and has an observatory. He regrets the vast accumulation of money in the hands of the few, believes in the free coinage of silver, and also thinks "greenback" is good enough. Though a Republican he once headed the "Greenback" ticket for Congress, but was defeated. He is the author of a pamphlet entitled "Political Economy." Mr. Jackson says money should be used by rich men to aid the world, instead of oppressing it, hence his willingness to spend money in prospecting for oil, and that down, down, this world must go. We assure Mr. Jackson that he is quite welcome to our land, and that any man from any State, wishing to develop our resources, is thrice welcome to Kentucky.

FLORIDA.

I didn't mean to say in my last that the lakes were as hard as sea. I meant, I am fully convinced that the ponds are just about as bad as can be. I suppose there are ten times as many as lakes. Some are nearly as large as some of the lakes; others are only a few feet across. They have no shore, but edge away into the grassy marsh or stop against the peloponnesian rocks. Some are deep, others shallow. Many are entirely dry in the dry season. Many of the larger are well stocked with several kinds of fish. Some have outlets, others have not.

Being nearest the Torrid Zone of any part of our Uncle Sam's possession, Florida has a peculiar climate and day. It is a well known fact that the days are most equal near the equator, and vary most at the poles. So our days are not so short in winter nor so long in summer as in Kentucky. The sun does not do much stretching before he gets up, or much whining ere he takes his evening nap in the rosy smoldering waves of the gulf. In short, there is scarcely any twilight. The skies may be the darkest or the fairest—so dark you can feel it, or light enough at night to read. The zodiacal light is very beautiful here when there is no moon.

Our climate is affected by sea breezes, gusty streams and position. The seasons are very pleasant, and near the coast the summers are pleasant. No sun-strokes reported. The year is divided into two seasons, the wet from July to about October, and the dry the remainder of the year. We have rain in the dry season, but not the amount that we have in the wet season, which is every day, usually in the afternoon, sometimes all day. It is a rare thing to have rain at night. During the wet season, the low prairies are ponds, and ponds become lakes, creeks become rivers, and rivers swell into resistless currents. The nature grows in richest, wildest profusion—fish and gators everywhere.

The "natives" I wish to speak of this time are those that most attract the eyes of the world, and I might say, the month also. The fruits of the Citrus family are at home here.

The origin of the bitter orange (citrus vulgaris) is somewhat in doubt. Our writer says: "There is every probability that the eastern region of India was its original country. Sir Joseph Hooker saw the orange certainly wild in several districts to the south of the Himalayas, and Garwal and Sikim as far as Punjab, and it is thought the same orange is wild in China and Ceylon. China. The Arabs saw the bitter orange tree in Palestine, 1090. It was introduced into Spain by the Arabs, and likely also into the east of Africa. Opinion generally prevails that we are indebted to the early Spanish settlers or explorers for its introduction into this country, where we find it growing wild from well south in Florida to as far north as Brunswick, Georgia.

The sweet orange (Citrus aurantium dulcis) is of a later introduction, and in its wild state restricted to a smaller area. Till the fifteenth century Arabian books only mention the bitter or sour orange. We presume that it reached our shores by the early Spanish explorers, as it is sometimes found in our hammocks in a wild state.

The Mandarin orange (Citrus aurantium nobilis) was new to the European gardens at the beginning of this century. Kars says the species are only cultivated in British Borneo, and its area restricted to a few provinces in China.

The Shaddock, grape fruit or Pomelo (Citrus decumana) is often found wild over a large area of country. Seeman says it is extremely common about the Fiji Isles. In China it is called Yu. In the eastern part of the Malay Archipelago the species are only cultivated in British Borneo, and its area restricted to a few provinces in China.

The Shaddock, grape fruit or Pomelo (Citrus decumana) is often found wild over a large area of country. Seeman says it is extremely common about the Fiji Isles. In China it is called Yu. the species into the West Indies." Pomelo is from pomelo, the name of any fruit the inside of which is divided. "Grape fruit" is from the fact the fruit takes on the tree, being produced in clusters often twenty or more in a bunch. Some three distinct strains are recognized and all three are of the same species, are differently named by most people; the largest is the Pomelo, then Shaddock, and the smallest is the grape fruit.

By reason of a slight dissatisfaction with regard to the details of their business N. G. Todd succeeds Logsdon & Todd in the mercantile business here.

Notwithstanding the rain Friday several wagon loads of fire came in. Having started before the rain the indefatigable haulers kept on, considering it had luck to turn back.

Married, at the residence of Ed. Jas. Young, Bear Wallow, on Feb. 26th, his daughter, Annie B. to Leonard Riddell. Elder Benton officiated. May continued happiness and prosperity be theirs.

Uncle Billy Caldwell is just out, having suffered for three weeks from a kick by a mule. He was unconscious for a while. His wife is slowly recovering from the burn received sometime ago by falling in the fire in the night.

Judge J. M. Benton, of Winchester, spent Sunday with his grandmother, Mrs. Paulina Covington, now in her 81st year. There has been little variation in her condition for over twenty years, weakness and restlessness being her greatest troubles. She walks about the house a little.

There was a good crowd out to hear Elder Rogers Sunday. Will preach again first Sunday in April. At this meeting Elder Rogers was elected Chairman and D. F. Sharp was appointed as a visiting committee, and D. F. Sharp was elected Secretary and Treasurer, to prosecute the work on the new church which will be commenced in the near future.

Mr. John O. Jackson, of Hockessin, Del., principal stockholder in the Atlantean Oil Co., now operating here, arrived on Thursday's passenger. Mr. Jackson is a relative of the President and of Gen. Stonewall Jackson. In his younger days he was a professor of mathematics in a college in his State. Later, he became an engineer and built the Wilmington and Western railroad. He has served his State several years in both branches of the General Assembly. He is a lover of astronomy and has an observatory. He regrets the vast accumulation of money in the hands of the few, believes in the free coinage of silver, and also thinks "greenback" is good enough. Though a Republican he once headed the "Greenback" ticket for Congress, but was defeated. He is the author of a pamphlet entitled "Political Economy." Mr. Jackson says money should be used by rich men to aid the world, instead of oppressing it, hence his willingness to spend money in prospecting for oil, and that down, down, this world must go. We assure Mr. Jackson that he is quite welcome to our land, and that any man from any State, wishing to develop our resources, is thrice welcome to Kentucky.

GOOD FOR STOCK AND POULTRY TOO.

Theodore's Black Draught is prepared especially for stock as well as man, and for the purpose of curing the various ailments of the animal kingdom, for instance, colic, indigestion, etc. It is a sure cure for all these ailments, and is sold by all druggists.

Lambert, Franklin County, Tenn., March 22, 1892.

I have used all kinds of medicine, but I would not give one package of Black Draught for all the others I ever saw. It is the best thing for horses or cattle in the spring of the year, and will cure cholera every time.

R. R. BOYLAND.

Lightning Bolt Drops—What a Name!

Very true, but it kills All Pain. Sold Everywhere, Every Day. Without Relief, There is No Pain!

—Men's overcoats \$1.25 at A. Feld's

Don't wait until you are burned out. Powell & Turley.

To prevent small-pox. At a meeting of the Board of Health of Madison county it was thought best to urge upon the citizens of the county the necessity of complying with the law in regard to vaccination.

Sec. 2, Art. II in General Statutes on small-pox and vaccination makes it the duty of all persons to have their children vaccinated.

We call upon them in the name of the law and by virtue of the authority in us vested, to have all children under their care vaccinated, also demand that all persons over the age of 15 years be re-vaccinated, provided they have not been recently vaccinated. This statute must be complied with fully within the next four months.

By order of the Board of Health. J. M. POYNTE, President. O. A. KENNEDY, Secretary.

—Buy your clothing of Feld, First st.

Are you in it (insurance). If not get in it. Powell & Turley.
